## MOBILE SUITE

DISCOVER A NEW DIMENSION OF RUNNING  
YOUR HOSPITALITY BUSINESS WITH  
**GARSON MOBILE SUITE**

## GARSON FLY

Mobile POS – reduce service time and increase the efficiency of issuing orders and bills

### WAITERS WORK FASTER

- Taking of orders on the spot
- Immediate forwarding of orders to the bar and the kitchen
- Ability to specify special preparation requests
- On the spot payment with membership cards

### NOTIFICATION OF READY ORDERS

- Integration with the Garson Kitchen system
- A vibration or sound notifies the waiter that an order is ready

### A USER INTERFACE YOU WOULD EXPECT

- Display of zones and tables
- Order taking screen that follows the design of the Garson POS
- Application design compliant with the Android operating system

### AFFORDABLE PRICE OF EQUIPMENT

- Use of readily available Android mobile devices
- Using existing Android devices makes this system even more accessible

### UNDISTURBED OPERATION

- If a mobile phone is being used, all incoming calls are rejected while an order is being taken

### BILLING

- Choice of payment method
- The bill is printed instantly and ready to be given to the customer
- The bill is printed with a special mark for easy identification if several bills are issued from different places

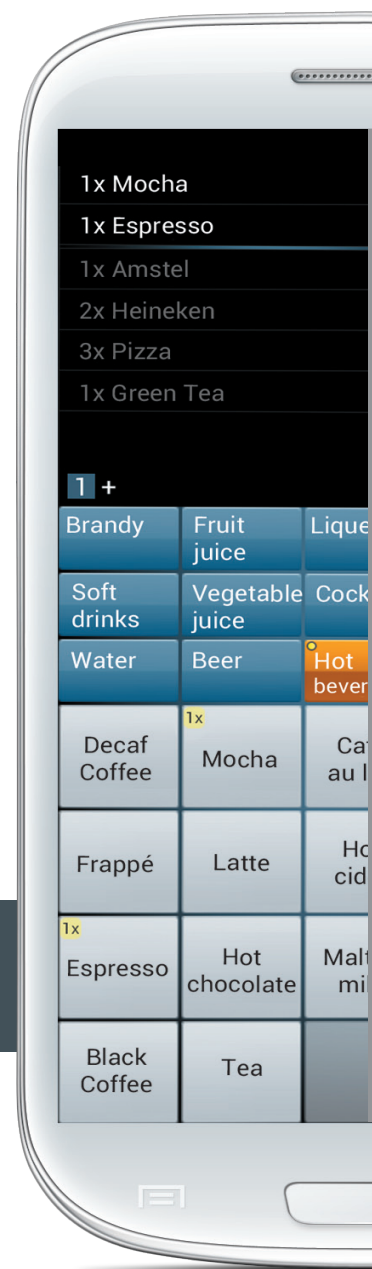

EASY AND  
SECURE  
CONNECTION  
WITH  
EXISTING  
GARSON  
SYSTEM

### Garson - Restaurant Management Software

Garson encompasses the complete operation of a hospitality establishment through monitoring of sale, production and service points. It is aimed at different kinds of hospitality venues: cafes, restaurants, bars, nightclubs, discos, fast food restaurants, hotels and all other venues where hospitality services are offered.
